Technical Theater 1-4

Technical Theater 1
This introductory course explores the definition, design, and use of technical elements associated with theatre sets, props, costumes, makeup, lights, and sound.

Technical Theater 2
Enhances level-one skills and introduces aspects of student design, creation of lighting, sound, properties, costumes, and make-up design while offering opportunities to apply skills in these areas.

Technical Theater 3
Enhances level-two skills in drafting and set design, and includes in-depth exploration of light operation, sound operation, stage management, costume construction, set development, make-up, and production staff.

Technical Theater 4
Enhances level-three skills and offers opportunities to solve problems in supervising and managing all aspects of production. Explores technical directing and directing responsibilities with opportunities to apply skills in these areas.
