

British Literature

British Literature & Composition focuses on the integrated study of British texts; students develop an understanding of texts from at least three literary periods, considering history's impact on and analyzing the literature's text structures, themes, and stylistic features. Students routinely engage in the integrated and recursive literacy practices that ground, shape, and inform their interpretations and constructions of texts that apply their grammar conventions, vocabulary, context, structure and style, techniques, research and analysis, and periods and movements understandings.
